Barium Messenger

Vol. 31 BARIUM SPRINGS, N. C., AUGUST 1953 No. 9

Long Awaited Dream Realized At Last

The Board of Regents in its session in May authorized the paving of roads and sidewalks on the campus. The Gilbert Engineering Company of Statesville has had the big machines moving dirt, pouring concrete, hauling rocks, and dressing up the roadway so that people who live in this community will not have to worry about walking through the mud or dust every time they leave their building. The housemothers who have been fussing about the dust blowing through the windows and settling on everything in the house will be able to relax and take a deep breath for the dust problem has been solved.

Over a long span of years the Home has endeavored to set aside money for this paving but found it impossible to get a sufficient amount. However, the $4,000.00 that had been saved has been added to a special fund which was made possible for this particular enterprise and the campus is taking on a new appearance with the hard surface roads and walks.

Football Time Is Here Again

The middle of August marks the time for a new set of bruises and skinned places and sore muscles for the high school football practice begins at that time. Coaches Calhoun, Jackins, and Guy will be putting their charges through the paces to get ready for the first game in September. A heavy schedule has been arranged and high hopes are entertained for the 1953 edition of Barium Tornadoes. Although graduation cost the team heavily, there are good replacements from the lower grades coming into the line and the backfield.

Bible School Held After Vacation

Many children of Barium Springs and the surrounding community have been participating in the Vacation Church School of Little Joe's Presbyterian Church. The School began on July 27th and continued through August 7th with an opproximate enrollment of 106. There were seven teachers from the Church and the Home plus seventeen high school girls who served as assistants to the teachers and also as general helpers, so the School was adequately staffed to carry on this important part of the summer program for the children.

There were three departments in the entire School with two Kindergarten, two Primary, and three Junior classes. The units in each department were centered around the life of Jesus. The Kindergarten children studied "Jesus, Our Friend"; the Primary children's unit was on "Tell Me the Stories of Jesus"; and the Junior's unit was entitled 'We Would See Jesus". All learned more about Jesus and what He means to each one individually. Each group learned many stories of Jesus, Bible verses, and songs as well as having learned meaningful creative activities.

Besides the regular study periods all of the boys and girls enjoyed time for recreation and refreshments. Each one looked forward to the fruit juice and cookies or popsicles three days each week, and the recreation which included many group games, ball games, walks, and other informal activities.

From Barium To Berlin And Back

July 2nd was the day for which the entire campus had eagerly awaited since the closing of school. It was vacation day and the boys and girls and some members of the staff were packed and ready - by cars, special buses, and trains, everyone made his way to his vacation spot. From Marion in western North Carolina to Wilmington in the east and all parts between went the members of the Barium family. Boxes and suitcases and hand bags were all packed and labeled for the journey. North Carolina was not the only State for there were some who went to Florida, Georgia, Mississippi, Maryland, Virginia, and New York.

It was in New York that two members of the family boarded a plane for a six weeks tour of England, France, Italy and Germany.

The campus thus deserted

(Continued On Page Two

Dry Weather Takes Toll On Farm

The unusually hot and dry weather of June and July has taken an exceedingly heavy toll on the farm and gardens at Barium. J. F. Stinson, supervisor, and the boys who assist him in this department have had plenty of work to do but little fruit to bear evidence. The early dry season practically ruined the spring gardens and the continued heat and drought have affected the total output of gardens, farm and orchards. Silage corn has had to be cut early with very little ear on the stalks because it was drying up and would be of no value at all. The peaches came in earlier and smaller and began to show signs of the drought even in July. The hay crop, so essen-

School Will Begin August 27th

The last Thursday in August is the annual opening date of school and the principal, R. G. Calhoun, has announced that he will have a full staff of teachers and be ready for the year's work to begin on that day. Almost the entire teaching force of last year will be back. There are only three replacements, one in the department of Public School Music, one in the third grade, and one in Piano teaching. These three persons have been chosen and will begin their life and work at Barium with the opening of school.

Sickness And Sorrow Come to Staff Members

The Lowrance family and the Hamrick family have had sickness and death to come to them this summer.

Mr. Jarvis Hamrick who had been seriously ill for a long time died at the Davis Hospital on Monday, July 13th, and was buried in the Iredell Memorial Park on Wednesday afternoon, July 15th.

On Sunday, July 12th, Joe Rhyne, husband of Ruth Lowrance was killed in Florida. A service was held in Florida and the body was brought to the home plot in Dallas, N. C. for burial. It is reported that Mr. Rhyne was out looking for some lost dogs and that a stray bullet near the practice range struck him in the head causing instant death.

Mrs. J. H. Lowrance, who together with Mr. Lowrance, has been associated with Barium Springs for forty years, has undergone surgery at the hospital in Winston-Salem. The doctors have pronounced her operation successful and her condition satisfactory. She has returned to the community and anticipates resuming her normal pattern of life soon.

Newcomers Received By The Dozen

Although the case worker is still on vacation, the fruit of her labors is being manifested as the new children arrive on the campus to fill the vacancies left by the graduating class and the home replacements. Families of one, two, three, and one family of eight have been received. From Orange Presbytery there comes six boys and two girls in one family to take up residence at the Home.

Miss Rebekah Carpenter, working closely with the Department of Public Welfare in the community and with two Presbyterian ministers and one Baptist minister, had discovered that these eight children were sorely in need of an opportunity to go to school regularly until their home could be re-established. So, on July 22nd the record was set at Barium Springs when the largest single family was enrolled as members of the Home. Even before the nurse had finished the examination, one of the little boys was expressing his happiness in having this good new home. These boys and girls together with all of those who have entered since vacation time are adjusting nicely and beginning to feel very much at home as they take their turns at work and play and worship.

Cottage News

Annie Louise

Hi Folks!

Here we are again bringing the news from Annie Louise. We are all back safe and sound from vacation. From what each little girl says they had loads of fun and so did Joyce and I. We came back to find a big susprise, the roads were being paved and dirt was everywhere. We are all settled down to our old routine and hope for school to start soon. We are all really happy to have four little new girls living with us. They are as cute as can be. We also lost one who seemed to like home better so she stayed.

It really seems good to have fresh peaches to eat during the day. Vacation Bible school is coming soon and our little girls are really looking forward to going. Well news is out. See you next month.

Print Shop

Dear Friends,

You have not heard from us in a long time. We are the boys that print the Barium Messenger. We have just got back from vacations. All of us had a wonderful time.

We are getting our roads hard surfaced now. They are about finished. They are going to fix the sidewalks too.

Everyone at the print shop is getting ready to do his share of work. We had two old workers to vist us in the last week. They were Frank Lentz and Dwight Reid. We were glad to see them.

One of our boys, Charles Smith, went home to stay. We sure do miss him at the print shop.

Our church has been painted and it look real good now. The carpenter shop boys painted Rumple Hall, too.

Howard Cottage

Hi Folks,

We all had a good time on vacation. All of us are glad to be back again.

After vacation we had Claudeth Merritt, Betty Edwards, and Margaret Ferris to move over to Howard cottage. We have two new girls that have come up here, they are Victoria Brafford and Linda Lou Utsman.

We have gone to the show since vacation to see "Dangerous When Wet", we thought it was a good movie. Before vacation we went to see "Million Dollar Mermaid".

Two days before vacation a Circle from Mooresville came and gave us a picnic, we went to Statesville.

We are glad to have the new roads, we hope they will soon have the new sidewalks fixed for us.

—Lillian Baucom
Ella Mae Moose

Quads

Hi Friends,

It has been quiet a while since you last heard from us. We had a very good vacation and we are sure everyone else did also. Since vacation, most of our boys have been working pretty hard on the different groups, getting back into the old system again. The days have been the hottest we've had in a long time and many boys are wishing the swimming pool was open so they could cool off after work.

Football season is nearly here and we are hoping to have a good team this year. Practice has begun and the boys are getting in shape for their best sport of the year. We all like this sport except for the bruises that come and go.

School will also start soon and we'll be pretty busy trying to pass their work and play ball. We might even give the girls over at the Women's building a race to see if there are more boys on the honor roll than girls.

Well folks, news is short. We will try to get the latest happenings at the Quads in the Messenger next month.

—The Quad Boys

Dry Weather Takes

(Continued From Page One)

tial to the feeding of the dairy herd, has been reduced to practically nothing in the last two cuttings and will have to be supplemented in order to supply the winter needs. Ordinarily, the lawnmowers are way behind with their grass cutting on the campus during the summer, but this year the boys operating the lawnmovers have had time to trim trees and haul limbs. The dry, hard ground just simply was not producing grass.

August, starting off like July ended, looks like more dry weather, though everyone earnestly hopes that the drought will be broken and that the fields and campus will be revived with refreshing rains.

From Barium To

(Continued From Page One)

seemed a dull place indeed. About twenty children were left here - just enough for a skeleton crew to keep the necessary work attended to. The dairy boys had to operate and some other things could not be shut down and the small group staying on the campus spent their time looking after the necessary work and enjoying picnics, mountain trips, and visits to the city.

The entire student body and the members of the staff agree that the unit plan for vacation has been an exceedingly happy change wherein everybody goes at one time and returns in a group and they all have their vacations to talk about at the same time and their homesickness to get over together.

Now that vacation is over and school is approaching many are eagerly awaiting the ringing of the school bell and some are already cringing in fear that it may break up some mighty good baseball and swimming.

Freshman Class of the high school 1953-54. These boys and girls set forth on their last four notches of their school career at Barium Springs.

The boys and girls in this picture will be completing their elementary school work this year and looking forward to high school in the fall of '54.

Members of the Beta Club plan for school activities in the coming year. Professor J. E. Ramsey is the faculty advisor of this group.

Though some of these members graduated in the Spring, the Glee Club will be busy in the Fall getting ready for its trips later in the year.
